

THE 2023 WOMEN'S FORUM EDUCATION AWARD INFORMATION SHEET

About the Women's Forum

Preeminent New York women leaders across many fields created the Women's Forum in 1974 to make a difference for each other and take an active leadership role in matters of importance to them. Since 1987 the Women's Forum Education Fund has provided Awards to help mature women—35 and older—pursue educational goals and enhance their capacities to provide leadership and productive and supportive service to their communities and beyond.

About the Award

The Award recognizes extraordinary and often heroic effort in overcoming adversity as women restructure their lives for success. Unlike financial aid or scholarships, the \$10,000 Award goes directly to the recipient for whatever needs loom largest for her, whether tuition, childcare, medical bills, elder care, transportation, housing, or any other priority. Candidates for an Award and their references should share the narrative of obstacles confronted and overcome, and also of demonstrated leadership and care for their community.

Awards have been granted to over 300 women, amounting in over \$2.2 million in assistance. Award recipients have gone on to obtain bachelor degrees, masters degrees, and Ph.D.s, and are current leaders in their communities.

Eligibility

The awards will be given to women aged 35 and over who have faced and overcome adversity and now, after an interruption in their education, have resumed the pursuit of **their first Associate or Bachelor** degree. Applicants must demonstrate noteworthy promise and resilience in the face of challenges and must also demonstrate a commitment to helping others and to making a difference in their community, large or small, when their own career goals are achieved. Financial need and academic excellence are not the primary determining factors in the selection of recipients, although true financial need should be evident and the candidate should be in good academic standing. International students should note that payments will require us to issue a W-9 to recipients and should consult a tax professional as to what amount may be taxable (if any). Previous awardees will not be considered.

Applicant must:

- be **35 years old** by December 31, 2022 (birth date no later than December 31, 1987)

The payment will be given in two installments: \$5,000 upon receipt of the applicant's current official transcript following notification of the Award no later than June 30, 2023 and \$5,000 in January 2024 or upon successful completion of an additional semester of 6 or more credits before June 2024. Recipients will be required to submit a new official transcript to document the additional semester of 6 or more credits before the second installment is awarded.
